Here are four keys to understanding the languages of the Spirit:

1. It is important that you have a high value for hearing God, . . .

2. Faith in God is spelled R-I-S-K, meaning that you must be willing to take risks to see the Spirit move in power through you.

3. Pay attention to the prophetic interpretations that you get right . . .

4. Sometimes it helps to describe a vision or image to the people you are ministering to and ask them what it means to them.
